Tea Praise

"We recently hired Island Elixir Tea Co to bring their Serene Tea Bar to a client appreciation event and it was the hit of the party! Bree is so passionate and knowledgeable about her beautiful hand made teas. Guests loved the opportunity to learn, taste smell and select a beverage - there were even options for kids! Our clients genuinely appreciated the unique offering and quality product, not to mention what a breeze Bree was to work with (she brought everything, including a professional table setup, teas, kettle, etc.). We look forward to inviting Island Elixir back to our next event!"

About the Tea & Bree

My tea story started in childhood, sipping milky Red Rose on the chesterfield at my Grandma's Aunt Nell's house. Feet dangling, heart full. That ritual sparked a lifelong love of tea and the belief that even the smallest moments can hold meaning. Today, Island Elixir is the expression of that belief. We believe your tea ritual should be an experience that connects you to the story, grounds you in the moment, and transforms your day. That's why every Island Elixir Tea blend is crafted with intention and infused with Reiki energy. Experience Tea with Intention.
